EDUCATION

University of Cincinnati , Cincinnati, OH	Aug 2026 – Present
Ph.D. in Computer Science Artificial Intelligence, Natural Language Processing	
The University of Texas at Dallas , Dallas, TX	Aug 2023 - May 2025
Master of Computer Science Machine Learning, Statistical Methods for Data Science	GPA: 3.94/4.00
Vellore Institute of Technology , Vellore, India	Jun 2019 - May 2023
Bachelor of Technology in Electronics and Communication Engineering	GPA: 3.98/4.00

EXPERIENCE

Software Developer – Ryder Systems Python, Java, Angular, OpenAI, NLP, REST APIs	Jul 2025 – Apr 2026
- Integrated RingCentral case data with Azure OpenAI to develop RyderGPT, an LLM-powered case summarization pipeline that automatically generates structured summaries for closed customer service cases, reducing manual review effort by 60%. - Optimized LLM input pipelines in Python using regex preprocessing and JSON validation to reduce data noise by 55% and improve case summarization. - Developed end-to-end Dock Scheduler notification capabilities using Java, Spring Boot, Oracle SQL, and Angular, supporting 90+ dock locations with automated appointment cancellations, rescheduling alerts, configurable email workflows, and an admin interface for managing notification rules and thresholds. - Improved backend REST API test coverage from 35% to 90% in SonarQube by implementing JUnit 5 and Mockito, strengthening code quality.	
Computer Science Teaching Assistant – University of Texas at Dallas	Dec 2024 - Jun 2025
Mentored 60+ students in Machine Learning using Python, pandas, NumPy, scikit-learn, and clustering algorithms by leading office hours, debugging sessions, and reviewing assignments for correctness and code quality.	
Software Developer Intern – Indian Railways Node.js, Express.js, JavaScript, SQL, Git	Apr 2022 - Jul 2022
Developed and documented RESTful microservices APIs using Node.js, Express.js, and Swagger 3.0 for product, authentication, and feedback services, contributing to a 40% increase in user engagement.	

PROJECTS

<

TECHNICAL SKILLS

Programming Languages – Java, Python, JavaScript, C++, C, SQL, HTML, CSS
Frameworks – Angular, Spring Boot, Bootstrap, .NET Core, Tailwind CSS, Node.js
Libraries – NumPy, Pandas, Scikit-learn, Flask, TensorFlow, Keras, NLTK, OpenCV, Matplotlib, Seaborn, PySpark, JDBC
Tools – Git, RESTful APIs, Azure, AWS, Docker, MySQL, Redux, ElastiCache, Kinesis, Databricks, Kaggle, DevOps

PUBLICATION

- Research and Publication:** Published research paper titled "Angina Pectoris Predicting System using Embedded Systems and Big Data" in the **International Research Journal of Engineering and Technology (IRJET 2023)**. [Link](#)

CERTIFICATIONS

- AWS Certified Cloud Practitioner** – Issued by Amazon Web Services (AWS), [Link](#)
- Microsoft Certified: Azure Data Fundamentals** – Microsoft, [Link](#)
